3/4 Smarties

3/4 Smarties have been completing a cultural study of China. We have been listening to different Chinese myths and Legends and have had a go at creating our own. We made our own Chinese noodle dish, and even got to practice using chopsticks. We made some dragon artworks and have researched different Chinese symbols.
Dear Parents / Caregivers

Your children are really getting excited about Buxton Outstanding Screen Creative Awards (BOSCAs) Night on the 13th of November at Picton High School. We have received acceptances from the Mayor and the Director of Public Schools NSW. Some children have had their photo taken today for the local newspaper for information about this event, so please check it out. We really hope you can attend this night of nights as it will be in lieu of our usual Christmas Concert. You will find additional information attached to this newsletter regarding the nominees, tickets and times. Early next week we will be sending information about pre-ordered movie packages for popcorn, snacks and drinks.

Still on the topic of the BOSCA’s we really want this night to be about your children and as such we are requesting that parents and their child volunteer to present an award. We need about ten volunteers. We will give you a cue card that you or your child can read out and then open the envelope, announce the winner and hand them the award. Please think about this as it is really important that you are part of this night for your children. When we receive the slip below we will send information home with your child. Any questions you may have about this please talk to us about it.

Design Award.
Congratulations to Liam Gregory for winning a prize for a design competition. Liam also had his photo taken today for an article about the competition.

Year 7 Selective High School Placement in 2016
To year 5 parents.
Selective High Schools cater for highly achieving gifted students who may otherwise be without classmates at their own academic and social level. These schools help gifted and talented students to learn by grouping them with other gifted and talented students teaching them in specialised ways and providing educational materials at the appropriate level. There are:

- Seventeen fully selected High School
- Twenty-five partially selective High Schools and,
- 4 agriculture High Schools.

If you wish for your child in year 5 this year to apply for a selective high school placement in 2016 information for parents is published on the internet at:
www.schools.nsw.edu.au/shsplacement
